

MEDICAL Education

WEBINAR SERIES

Your source for dialysis education

Our comprehensive Medical Education programs are delivered by experts in their fields and cover a variety of product training and disease-state education topics related to dialysis and critical care. Presented by the Global Medical Information & Education Group from the Fresenius Medical Care Global Medical Office.

Disease State Presentations

- CAPD vs APD: The Right Prescription, for the Right Patient, at the Right Time
- Use & Application of Hemodiafiltration (HDF)
- Fluid Management in Kidney Disease
- Tidal Therapy in Peritoneal Dialysis (PD)
- Using Peritoneal Dialysis (PD) Modeling to Individualize the PD Prescription
- Diabetic Kidney Disease and Use of Sodium Glucose Transporter 2 Inhibitors (SGLT-2i)
- **SPOTLIGHT:** Anticoagulation in Continuous Kidney Replacement Therapy (CKRT): Part 1
- Urgent Start PD
- Managing Suboptimal Responsiveness to Anemia Treatment in CKD
- Understanding and Applying the PET
- Incremental PD
- Home Hemodialysis (HHD) Part 2: Effect of Increasing Frequency and Duration, Benefits, and Risks
- **SPOTLIGHT:** Anticoagulation in CKRT: Part 2
- Significance of Serum Albumin as a Clinical Indicator in CKD and ESKD
